PLEASE ALLOW ADDITIONAL 4-6 WEEKS FOR DELIVERY OF CUSTOM BUILDINGS

## **BUILT TO LAST**

We use the highest quality products for our buildings! All our buildings are constructed with tongue & groove flooring, Smartsiding® with Smartguard® which all help protect against different types of decay (including fungal decay, termites and other natural causes) this keeps the building in the best condition for a longer life!

## **DURABLE & DEPENDABLE PORCHES**

As a defining feature on our cabin style buildings, we build our porches different from our competitors to ensure the best aesthetics and durability. All our porches are stained so they look their best and withstand the elements longer. Additionally, we screw together all our porches, which has a big impact on the lifespan of the cabin.

## **DOUBLE TOP PLATE**

A double top plate is an interior feature included in all our buildings that enhances the structural integrity of the walls. This increases sturdiness, so the building remains structurally sound during delivery and increases the life of the building.

## **ENDLESS CUSTOMIZATIONS**

With our wide variety of building styles and sizes, it's easy to find the building you're looking for! From window and door placements, to paint colors, you can easily customize our buildings to fit the needs of the space they will occupy.

## **FINISH TO IMPRESS**

We are proud of our buildings, and it really shows! We simply do more to set our buildings apart from our competitors. Our manufacturers ensure that the best part of each material is visible, exterior nail holes are sealed for a clean finish, and walls receive a double coat of paint which gives the buildings more vibrant colors.

# PAINT COLORS

# DISCLAIMER

*NOTE: All marketing material may change without notice and may not be available in all areas. Colors displayed in this brochure may vary from colors on actual building. Additional sizes available in some areas, ask sales representative for details.*

*DELIVERY: Free one-time delivery and set-up within 50 miles of sales lot. Customer is responsible for all permits and zoning. Delivery professional is not responsible for access or any property damage at delivery. Off lot sales delivered on average in 10-15 business days. A delivery professional will contact you a few days prior to delivery to schedule a date and an appointment time. Any delivery over 50 miles is an increase of \$10 per mile,*

*PERMITS: SPB &C and Affiliates are not responsible for building permits, homeowners association rules, and/or covenants. It is up to the customer to get permits prior to placing order, cancellation fees may apply. Customer should be aware of any setbacks and right of ways on property. Customer will incur charges if we have to come back and move the building.*

*PAYMENTS: We offer many ways to make your payment including by mail, automatic payment through your financial institution, online, and by phone. We accept checks and most major credit cards. We also offer a comeptitive rent to own program to facilitate the purchase of the building over time.*

*ELECTRICAL PACKAGES: Buildings can be equipped with electrical packages.*

*Amperage of the electrical breaker box will be based on the number of drops. Consult with your dealer to determine which electrical package will accommodate the intended usage of the building. Any modifications to the electrical after delivery will void manufacturer's warranty on the building. It is the sole responsibility of the customer to arrange for a licensed electrician to connect the building to a power source per local codes.*

*BUILDING MEASUREMENTS: All 8', 10', and 14' wide buildings are measured from wall to wall. Due to hauling restrictions, 12' and 16' wide buildings are measured from eave to eave. Does not apply to buildings delivered in Texas.*

THANK YOU FOR CHOOSING
